If we have bugged them and they are still not doing things then how do you fix that?

Campout Information

There will be 8 single kayaks and 4 double kayaks.

The rental for the kayaks is from 11-3 and we have to get there 15 minutes early. We also stop at 2 instead of 3 since the kayaks need to be back by 3.

The rotation for who will be in the kayaks is determined by three groups. One group will be the kayaks, and the other two will be canoes. Each group will be playing a specific game (Ex. Kayaks, play basketball).

For the campfire, all patrols should have a skit or song.

Rishi will be bringing the firewood for the fire.
